

## Excavation Team Supervisor – Residential Excavations.

We specialise in the control and removal of Japanese Knotweed. We provide long term chemical treatment and guarantee programmes and immediate excavation options. Typical clients include private home owners, housing associations, large corporate organisations, local authorities, utility companies, property developers, construction companies.

We operate throughout the UK. The regions generally covered in this role will predominantly be **London, and the South East and other metropolitan areas**. There will be a requirement for you to travel further afield to work and you will be expected to stay away on some occasions, but we will provide overnight accommodation and a subsistence allowance.

### The role will involve:

- Excavation of knotweed on residential properties
- Installation of Root barrier
- Application of herbicide using a knapsack sprayer and an injection gun
- Landscaping and clearance work
- You will supervise a team of up to 2 staff
- You will undertake mechanical and manual excavation and removal of knotweed contaminated soil

### Essential skills and qualifications required for the role:

- PA1 & 2, PA6 & PA6W - Spraying certificate
- A full UK driving licence

### Future skills and qualifications to be obtained in the role:

- CSCS – Skilled labourer /site worker H & S Certificate
- LANTRA Stem Injection Treatment
- LANTRA Brushcutter Refresher Course
- SSTS - Supervisor Safety Training Scheme certificate
- CPCS - qualifications in excavator above & below 10T
- CPCS qualification in forward tipping dumpers
- Service location course (CAT scanner)
- Asbestos awareness training course
- Emergency First Aid certificate

## In General

- Your base of work will be deemed as being your **home address**
- All works will be coordinated by the Contracts Manager and the office-based Operations Team
- You will be required to follow the scope of works and work programme, Risk Assessments and Method Statements.
- You will be responsible for the Health and Safety of yourself, other employees and members of the public/clients on the site.
- You will maintain a record of work which will include photographs, site diary, marking up site plans etc
- You will be able to communicate via email and Sharepoint.
- You will be required to travel to many parts of the UK and will from time to time stay away overnight. Accommodation will be sourced and paid for by the company.
- You will be provided with a van and the fuel.
- You will be provided with a mobile phone and a tablet to enable you to communicate remotely onsite and deliver the information back quickly. You will need internet access for you to communicate from home as required.
- You will be provided with training as and where necessary, by in-house staff.

## Work days and times

This is a permanent, full time position and the days of work are Monday to Friday. The hours worked per day and per week will vary to meet the demands of the job with the aim to work 8 hours **on site** per day, including a half hour lunch. There will be early starts and some late finishes and travelling time will vary according to where the site is located.

## Holiday

23 days annual holiday and 8 bank holidays:

- 10 days to be taken during the period May to October
- 5 days to be taken during the period November to April.
- 8 days at Christmas.

If you are interested in this position, please email [HR@knotweed.co.uk](mailto:HR@knotweed.co.uk).
