

Japanese Knotweed Ltd specialise in the control and eradication of Japanese knotweed and other invasive weeds, throughout the UK. We mitigate the problems that knotweed causes for property developers, construction companies, corporate clients, local authorities, housing associations and private homeowners. We pride ourselves on offering the best service in the industry.

We are recruiting for an **Excavation Operative** with CPCS Excavator certificate predominantly working in London and the Home Counties. The role is part of a small team excavating invasive plants.

Skills and Experience Required

- Adaptable and flexible approach to work and the drive to produce a quality outcome.
- Experienced construction, ground works, or a background in landscape/horticultural.
- Ideally have knowledge of Japanese knotweed and other invasive plants.
- CSCS card holder and CPCS plant qualified excavator.
- Good IT skills.
- Manual handling techniques.
- A full driving licence.

General Information

- This is a full-time role, Monday to Friday.
- Initially, fixed term until the end of November 2021, with the possibility of a permanent contract.
- The role requires mechanical and manual excavation of invasive plants from commercial sites and land, with all tools and machinery provided and supported by an office-based team.
- Based from your home address, you will travel together with a site supervisor in a works vehicle to pre-booked activities.
- H&S a primary consideration, working from site specific plans, risk assessments and method statements.
- Travel on occasion to other parts of the UK outside of your area. From time to time you will be asked to stay away overnight.

Salary and Benefits

Salary dependant on experience.

Medical cash back scheme.

Paid holidays plus bank holidays off.

Overnight stay allowance.

Team breakfasts.
