

Japanese Knotweed Ltd specialise in the control and eradication of Japanese knotweed and other invasive species, throughout the UK. We mitigate and solve the problems invasive weeds cause for property developers, construction companies, infrastructure & engineering companies, corporate clients, local authorities, housing associations and private homeowners. We pride ourselves on offering the best service in the industry.

Our people are brilliant – they are self-motivated and dedicated. They are reliable and conscientious, and all share the same vision. They are energized by delivering outstanding service to our customers with transparency and accountability, and this is what makes us a market leader.

We aspire to employ the best people to work for us, people who can take ownership of their roles and who enjoy doing what they do best, for a friendly and caring company. You will be a well organised and problem-solving person who is motivated by delivering high standards and who takes pride in a job well done.

The Role

We are recruiting for a **Japanese Knotweed Technician**, working predominantly in the Greater London area. Starting in May 2022. **The role is a permanent contract returning each year seasonally from May to November.**

Skills and Experience Required

- Excellent focus on customer service.
- Adaptable and flexible approach to work and a drive to provide a quality output.
- Experienced herbicide/chemical treatment, ideally invasive weeds.
- Must hold NPTC card, category PA1 & PA6 and herbicide spraying certificate.
- PCA Technician qualification is preferable but not essential, as training will be provided.
- Education, background, or work experience in horticulture/agriculture/land management.
- Good IT skills.
- Full driving licence

General Information

- Applying herbicide using a knapsack sprayer and an injection gun to Japanese knotweed and other invasive weeds at residential properties, commercial sites, and some open areas of land.
- Following Standard Operating Procedures.
- Recording work carried out at each site using a web-based app on a tablet/mobile phone.
- Carrying out clearance work and cutting down of Japanese knotweed dead stems during the winter season.
- Assisting with Excavation works and related works as and when required.
- Assisting with occasional landscaping activities as and when required and any other reasonable activity.
- Based from your home address, ideally north or east London you will be predominantly travelling and working on pre-booked activities and sites, visiting multiple locations in the day and occasionally staying away.
- Working hard to maintain and enhance the reputation of the company by providing excellent customer service, you will be servicing customers for many years, so maintaining a good impression is vital

Salary and Benefits

- Competitive monthly salary. May to November (Inclusive).
- An attractive Pension Scheme.
- Medical cash back scheme.
- Holiday plus bank holidays in the contract period.

- Ability to spread the seasonal earnings over 12 months.
- Company events, team breakfasts.
