

Japanese Knotweed Ltd specialise in the control and eradication of Japanese knotweed and other invasive species, throughout the UK. We mitigate and solve the problems invasive weeds cause for property developers, construction companies, infrastructure & engineering companies, corporate clients, local authorities, housing associations and private homeowners. We pride ourselves on offering the best service in the industry.

Our people are brilliant – they are self-motivated and dedicated. They are reliable and conscientious, and all share the same vision. They are energized by delivering outstanding service to our customers with transparency and accountability, and this is what makes us a market leader.

We aspire to employ the best people to work for us, people who can take ownership of their roles and who enjoy doing what they do best, for a friendly and caring company. You will be a well organised and problem-solving person who is motivated by delivering high standards and who takes pride in a job well done.

The Role

We are recruiting for a **Japanese Knotweed Surveyor**, working predominantly in the Greater London area. Starting in April 2022. The role is a permanent contract returning each year **seasonally from April to November**.

Skills and Experience Required

- An excellent focus on customer service.
- Adaptable and flexible approach to work and a drive to provide a quality output.
- Experienced Japanese knotweed surveyor, ideally other invasive weeds.
- Essential to hold NPTC Card PA1 & PA6 Herbicide spraying certificate.
- CSJK qualification would be ideal but not essential.
- Education, background, or experience in horticulture/agriculture.
- Good IT skills.
- A full driving licence.

General Information

- On Permanent contract from April to November, working Mon-Fri during our busy growing season, with the intention of a repeat year-on-year seasonal contract April – November.
- This role needs a great deal of focus on the client and the accuracy of the survey and site report to give our customers the best solution.
- Based from your home address, you will be predominantly travelling and working on pre-booked activities and sites, visiting multiple locations in the day and occasionally staying away.
- Part of our UK-wide surveying team, which is fully supported by a sales and administration team.
- Working hard to maintain and enhance the reputation of the company by providing excellent customer service, you will be the first person in the company the client will see, following their enquiry. Creating a good impression is vital.
- Completing accurate site investigations, digitally recording findings and measurements, taking a detailed record of photographs, and completing a schematic survey plan.
- You will be provided with a works van, fuel card, a mobile phone and tablet. All IT equipment is supplied to enable you to communicate remotely onsite and deliver the information back quickly.
- Occasionally working with others to carry out works on larger sites that may involve specific H&S protocols.

Salary and Benefits

- Competitive monthly salary. April to November (Inclusive).
- An attractive Pension Scheme.
- Medical cash back scheme.
- Holiday plus bank holidays in the contract period.
- Ability to spread the seasonal earnings over 12 months.
- Company events, team breakfasts.
